

For Immediate Release

**Maxor Announces Contract to Provide PBM Services
for Hudson Health Plan Medicaid and Family Health Plus Members**

Maxor National Pharmacy Services Corp. announces a contract between Hudson Health Plan and MaxorPlus, Ltd., to provide Pharmacy Benefit Management (PBM) services to Hudson Health Plan's 87,000 Medicaid and Family Health Plus members, in addition to the 23,000 Hudson Health Plan Child Health Plus members currently serviced by MaxorPlus, Ltd.

Effective October 1, 2011, pharmacy services for Medicaid and Family Health Plus members were carved out to health plans from the State of New York. Hudson Health Plan, based in Tarrytown, New York, is a community based not-for-profit managed care organization, that provides comprehensive health services including primary and specialty health care, dental, vision, behavioral health, and pharmacy services to residents of Westchester, Rockland, Orange, Sullivan, Ulster and Dutchess counties.

MaxorPlus, Ltd. will provide Hudson Health Plan with online pharmacy claims adjudication and systems administration, clinical pharmacy services and analysis, drug utilization review programs, prior authorization review, step therapy programs, customer service, and pharmacy network management.

"Hudson Health Plan has been a partner of Maxor since 2006, and we sincerely appreciate the opportunity to expand our relationship with Hudson Health Plan's Medicaid and Family Health Plus members," stated Jerry Hodge, R.Ph., Chairman of the Board for Maxor National Pharmacy Services Corp. "Coupled with Maxor's pass-through pricing and creative cost containment strategies, Hudson Health Plan's costs have remained below market average. We look forward to many more years of working with Hudson Health Plan."
