Maxor to Manage On-Site Pharmacy for Mary's Center in Washington, DC

Maxor National Pharmacy Services, LLC ("Maxor"), today announced the opening of an on-site pharmacy at Mary's Center, a community health organization in Washington, DC, that provides healthcare, education and social support to over 41,000 participants served in the DC Metropolitan region. The on-site pharmacy will provide patients with personalized service as well as an easy and convenient way to get their prescriptions filled while visiting the clinic. In addition, the pharmacy will also provide the option of convenient home delivery services of recurring prescriptions to established patients. Mary's Center patients will now benefit from having their providers and their pharmacy team all in one location.

"We are very excited about our first on-site pharmacy, through our partnership with Maxor," says Maria Gomez, Mary's Center president and CEO. "This new convenient and affordable service will go a long way in helping to improve medication adherence and outcomes for our participants and helping them take charge of their own health with the support and education of our pharmacists."

Maxor, who will provide pharmacy management services to the Mary's Center's pharmacy, has a long history of providing pharmacy management solutions and currently serves various clients within the USA. With over 90 years managing pharmacies and 16 years of managing 340B operations, Maxor leverages its expertise to provide solutions to health system needs, whether through providing Pharmacy Benefit Management (PBM) services, providing support to on-site pharmacies, or both.

About Maxor

Established in 1926, Maxor is a leading pharmacy services platform that consists of the following business segments: Maxor Pharmacy Management and Consulting Services, providing on-site outpatient pharmacy management, 340B audits, and consulting services to hospitals, health systems, Federally Qualified Health Centers, Disproportionate Share Hospitals, and employer groups; MaxorPlus, providing client and patient-focused pharmacy benefit management services; Maxor Specialty, IV Solutions, and Pharmaceutical Specialties, providing specialty pharmacy, respiratory, and home infusion services; and PickPoint, providing the design, creation, manufacturing and distribution of pharmacy technology solutions that improve the accuracy, safety and efficiency of medication delivery.
