Maxor Announces Retirement of Carl Birdsong, President and Chief Compliance Officer

Maxor National Pharmacy Services, LLC (“Maxor”) announced today the retirement of President and Chief Compliance Officer, Carl Birdsong. With 40 years of committed service, and being a member of the Maxor senior leadership team since 1989, Birdsong has been instrumental in developing Maxor into a market leader in Pharmacy Benefit Management (PBM), Specialty Pharmacy, and Pharmacy Management Services.

“I am extremely fortunate to have worked with this great group of people,” said Birdsong. “The growth and national recognition Maxor achieved during this time is staggering. I am thankful I had the opportunity to lead and work beside Maxor’s hard working and dedicated employees.”

Birdsong held multiple positions within the company, including retail pharmacist, nursing home pharmacy consultant, and VP of Home Infusion Pharmacy Services. Birdsong has been in his current role of President since 1998 and Chief Compliance Officer since 2014.

Mike Ellis, CEO of Maxor, commented, “All of us at Maxor are incredibly grateful to Carl for his many years of leadership and service to our company. Carl has been a vital part of Maxor’s success through the years, positively impacting virtually every part of our business. Carl will be missed, but all of us at Maxor wish him well in his retirement.”

Birdsong added, “Good reputation is not built in a day. I am confident that Maxor will continue to build recognition as the cornerstone of service and innovation in the industry.”

About Maxor

Maxor is a market leading Pharmacy Benefit Manager that offers innovative clinical management, analytics, and member engagement strategies to help clients optimize pharmacy spend and health outcomes. Maxor’s PBM platform is complemented by Maxor Pharmacy Management & Consulting Services, a provider of outpatient pharmacy management solutions, and Maxor Specialty, a clinically-driven specialty pharmacy focused on rare and orphan diseases. These combined capabilities allow Maxor to offer customized solutions to diverse market segments including hospitals and health centers, employers, labor unions, and public entities.
