

### Announcing the latest release of the MaxorPlus Member portal and app!

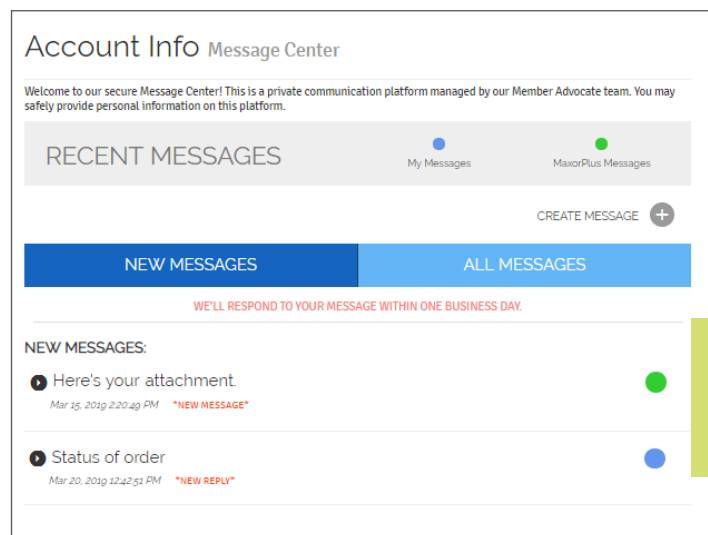

We're excited to announce our latest release on Wednesday, March 27. This release includes member experience enhancements designed to further engage and educate members about their prescription benefits, specifically around communicating with MaxorPlus staff and estimating their drug copays. App users will need to download and install the new update in order to access our new features.

### INTRODUCING THE MESSAGE CENTER

You can now connect directly with our MaxorPlus Member Advocates through the Member portal and app! The Message Center is a secure platform that allows you to send and receive messages and attachments regarding your prescriptions and prescription benefits. It's HIPPA compliant, so members can discuss private health information securely. Members still have the option to call and speak to their Member Advocate team anytime they need to.

#### How do I send messages?

Go to My Account > My Notifications to access the Message Center.

Messages are color-coded by originator

## ENHANCED CALCULATE MY COPAY

We've improved our Copay Calculator! Now housed within the Member portal, you can seamlessly look up drug information to determine your estimated copay and make the best purchasing decision for your household.

### How does it work?

The Copay Calculator runs test claims at pharmacies within the designated area and returns both the Brand and Generic copay results.

Find out what your prescriptions will cost
